As Sydney's premier lifesyle hotel and loving all things Australian; we are proud to have collaborated with companies who are using their brands to make a positive impact on our planet, to create our mini-room experience so our four-legged friends can too enjoy the luxuries of travelling while staying at Pier One Sydney Harbour.

Pet P.L.A.Y Lifestyle & You

P.L.A.Y. makes quality dog beds with pets, people, and the planet in mind. When we were looking for quality dog beds for our own four-legged friends, we couldn't find one that fit our lifestyle as modern pet owners, so we made our own.

Each bed is crafted for maximum comfort and ergonomic support, feature stylish and easy to care for covers, and are made from sustainable materials to protect Mother Earth. There are 78 recycled bottles in each of the large beds.

FURF Water & Food Bowls

The trans-Tasman team behind Furf Pets are no strangers to quality design. The design brief for Furf Pets was simple - create a pet bowl that looks as good on the dining room table as it does on the kitchen floor.

Furf Pets products have been created with your pet's safety in mind and an all-encompassing sustainability ethos throughout production. This means long-lasting quality to ensure consumers get real bang for their buck while keeping their brand ethos at heart..
